PERSONAL STATEMENT

With 15+ years of enriching experience in the realm of UI/UX design, I am a seasoned professional adept at seamlessly blending graphic design prowess with innovative UI/UX solutions. My passion for creativity fuels my ability to craft captivating user experiences that not only meet but exceed expectations. From conceptualization to execution, I specialize in delivering visually stunning and intuitively functional designs that leave a lasting impression.

PROFESSIONAL EXPERIENCE

Senior UI/UX Designer [Oct 2018 - Present]

(Websoul Techserve, Kochi)

- Lead a team of designers to successfully redesign the company's flagship product, resulting in a 20% increase in user engagement.
- Conducted user research and usability testing to inform design decisions and improve overall user experience.
- Collaborated with cross-functional teams, including product managers and developers, to ensure seamless implementation of designs.

UI/UX Designer [April 2014 - Sep 2018]

(Bramma IT Solutions, Kochi)

- Created wire frames, mockups, and prototypes to effectively communicate design ideas and gather feedback from stakeholders.
- Worked closely with front-end developers to ensure the implementation of responsive and visually consistent designs.
- Conducted competitor analysis and stayed abreast of industry trends to inform design decisions.

UI/UX Graphic Designer [Nov 2004 - April 2014]

(net BIOS Edappilly, Presently it is Tedsys Kakkanad)

- Successfully managed the design and implementation of cover packaging and flyers for various marketing campaigns, demonstrating strong proficiency in graphic design and project coordination.
- Contributed to the company's brand awareness and customer engagement through the creation of visually compelling and informative materials.

Junior UI/UX Designer [Oct 1999 - Jan 2004]

(Omega Infotech, Palarivattom Kochi. Presently it is Chirayil Infotech)

- As a junior UI/UX designer, I specialized in website and brochure design, creating captivating digital experiences and print materials to effectively communicate brand messages and enhance user engagement.
